## ABOUT US

### ABOUT US

NN Technology Solutions Cc or NN Tech is a Level 1, Black empowered information and communications technology solution provider. We are a service provider of ICT goods and services for both the public and the private sectors with a track record of over eleven years.

The company was registered in December 2009 under the name Batlile Dikgosi Trading & Projects Cc. In December 2021 the company underwent a rebranding exercise and as such the company name changed to NN Technology Solutions.

We are a business which, in terms of operation size, falls in the category of small and medium enterprise.

### VISION

Our vision is to be an ICT goods and service provider of choice in the sectors in which we operate.

### MISSION

NN Technology Solutions Cc's is to provide our clients:

- Good quality and affordable ICT goods and services;
- Within the agreed time frame;
- Using industry best practices and benchmarks; and
- Continuously improving client business support through client feedback.

## ABOUT US

### COMPANY OWNERSHIP

Nathaniel Naane is the sole owner of NN Technology Solutions Cc. whose educational achievements includes a BComm. (Statistical Science) and a BComm Hons (Financial Analysis and Portfolio Management) degrees from the University of Cape Town.

He has a wealth of work experience in the financial services sector having worked for, amongst others, Prescient Securities, Cazenove and Investec Securities. He was nominated for the ABSIP (The Association of Black Securities and Investment Professionals) awards for a Top Stock broking dealer in 2004.

### OUR TEAM

Apart from the sole company director, the team comprises one (1) well skilled and experienced permanent employee and four (4) well skilled and experienced company representatives who have together ensured the business continuity of the company lifespan of over the eleven years.

### OUR ETHOS AND COMPANY MOTTO

As part of our ethos at NN Technology Solutions Cc we pride ourselves in contributing to the service delivery and value for money imperatives of our clients. This we have constantly and consistently achieved over the period of the company's existence through ensuring the provision of good quality goods and services at competitive rates within the stipulated time frame.

Also, NN Technology Solutions Cc regards superior client service and satisfaction as the most significant life blood of the company. As a result, we try by all means to attend to client aftercare enquiries, service requests and complaints within three (3) working days.

It is also part of our ethos to promote 4IR relevance in our business practices as a company. By so doing we are certain that our clients will be in turn the beneficiaries of our 4IR relent business practices.

# TRACK RECORD

## WORK DONE

Being a patriotic organization, we take issues of development in South Africa to heart. As a result, we always look to involve ourselves with public sector initiatives.

It is because of this that NN Technology Solutions was previously involved in one of the biggest public sector projects, the Gauteng Online Project (GoL) as a subcontractor. The aim of the project was to provide computer laboratories to all public schools in Gauteng.

### ***Our Involvement With (GoL) Comprised:***

- Ensuring full renovation of classroom to meet laboratory standards;
- Providing electrical reticulation and maintenance;
- Installation of IT hardware and furniture;
- Ensuring ergonomic maintenance of the laboratories
- Installation of building safety equipment (e.g fire extinguishers)
- Installation of security equipment, wired and wireless alarm systems

*“NN Technology Solutions ensures service excellence through a collaborative delivery methodology that joins the forces of our expertise, our partners and our customers.”*
